2.0	BOT, GMs & VPA	March 2025	Spring 2025

1. PURPOSE

To document the process used by the College giving students recognition for previous postsecondary education and the transfer of credits for courses completed.

2. SCOPE

This policy applies to all Credit Transfer (CT) applications specifying the principles for admission to CCK Diploma (0-2), and Bachelor (2+2) programs.

3. ABBREVIATIONS & TERMINOLOGIES

- **Academic Semester (Semester):** An academic semester is a Fall or Spring semester. The Summer semester is optional and is not considered an academic semester.
- **Credit Transfer (CT):** The process of determining credit for equivalent courses undertaken in institutions accredited by the Ministry of Higher Education in the State of Kuwait. Credit Transfers are GPA neutral.
- **Cumulative GPA:** A student's cumulative GPA is the weighted mean value of all grade points earned on courses attempted at any point in time. A student's cumulative GPA is calculated separately for Diploma and bachelor's programs and will include grade points earned during a summer term if the student has taken studies in CCK during summer.
- **Equivalent Courses:** Refers to courses comparable in content, learning outcomes, and credit hours.
- **Learning Outcome:** Description of what a student will be able to demonstrate upon successful completion of a specific course of learning.

4. General Guidelines & Policy Statements

The College believes that previous education can provide an equivalency to one or more courses or levels of the program curriculum.

4.1. Diplomas

4.1.1 Advanced standing will be granted, upon admission, to a student who provides official transcripts and related program/course documentation that demonstrate prior learning achievements which are equivalent to the learning outcomes in one or more levels of a prescribed curriculum.

4.1.2 A review of past transcripts and program/course description will be required.

4.1.3 On the basis of the review/evaluation, a modified program of study will be prescribed, identifying the entry point within the program and the courses which must be successfully achieved to attain graduation status in that program.

4.2. Transfer of Academic Credit

4.2.1 CCK grants Credit Transfer (CT) for equivalent courses undertaken in institutions recognized by the Ministry of Higher Education in the State of Kuwait where the programs of study are accredited.

4.2.2 Transferable courses may have been taken in the last seven years. Any exceptions to this time limit must be obtained in writing from the Vice President for Academic Affairs.

4.2.3 Credit will be transferred for courses found to be at least 70% equivalent **in content** to a course offered at CCK.

4.2.4 Transfer students may transfer a maximum of 50% of the total number of credits for use toward the Diploma degree.

4.2.5 Transfer of credit will be recognized in the form of course exemptions. Exemptions will be given for a designation of "CR" on the transcript and as such will not contribute to the Grade Point Average.

4.2.6 Students must request exemptions prior to the start of the current semester and up to the Census date. Some exceptions may apply. Exceptions require Vice President – Academic Affairs approval.

4.2.7 Students who request transfer of credit after the Census date will have their request processed for the next term.

4.2.8 Applications are subject to evaluation; applicants should not assume credits will be granted.

4.2.9 Transfer applicants must have a minimum Cumulative GPA of 2.00 to apply.

4.2.10 All transfer of credit (course exemptions) must be approved by the Academic Department and by the Vice President for Academic Affairs and then to be forwarded to the Registrar's Office.
